The History Hoppers: The First Harvest

From field to food

You can draw, point, write or talk it through with someone.

Have a go

Imagine a farming family preparing grain for a meal. Draw or write three jobs: cut the ripe crop, sow seeds, grind the grain. Put them in a sensible order.

Try another step

Choose one job. Sketch a tool that might help, then mark one detail a historian could look for to understand how the tool was used.

Check your thinking

One possible order is sow, cut, grind.
