Joss and the Flooded Arcade

Read the marks on the wall

You can draw, point, write or talk it through with someone.

Have a go

In a pretend arcade, two water marks are 9 cm and 14 cm above the floor. Draw a scale and label both marks. How far apart are they?

Try another step

Write one fact the marks show and one question they cannot answer on their own. Imagine what other information Joss might look for.

Check your thinking

The marks are 5 cm apart. The marks alone do not tell you when each was made.
