The Tinker Tails: The Broken Bridge

Test two paper bridges

You can draw, point, write or talk it through with someone.

Have a go

Rest two equal sheets of scrap paper across the same small gap, one at a time. Leave one flat and fold the other into a concertina. Predict which will hold more counters.

Try another step

Add one counter at a time to each bridge. Record what happens and name one thing you kept the same to make your test fair.
